ABSTRACT

APRIL V. BALU-AN and NIEZEL JOY BATOLINA. Central Philippines State University, Victorias City Negros Occidental, April 2019. “The Assessment on Customers’ Level of Satisfaction in Catering Service on Victorias City.”

Adviser : Emmanuel M. Salaza

This study Assessment on Customers’ Level of Satisfaction in Catering Service on VictoriasCity.”Service quality and customer satisfaction are very important concepts that companies must understand if they are to grow and remain competitive in the business environment. It is very important for companies to know how to measure these constructs from the customers’ perspective so as to understand their needs and satisfy them. Service quality is considered to be very critical to any modern business because it contributes higher customer satisfaction, profitability, reduced cost, improved customer loyalty and retention. The main purpose of this study is to assess customer’s satisfaction and service quality using SERVQUAL model.

The purpose of this research was to find out the customer’s satisfaction in catering service in Victorias City. It is important to know on what are the things that can make satisfied the customer’s level of satisfaction. In order for you to meet the customer satisfaction in a catering business you must have the knowledge on what services is in demand from time to time.

Purpose: The main purpose of the study is to examine customer’s preference and what factors affect. There decision in choosing a catering service.
